ZERO MARKER

Instructions

- 1** Print this Guide on 8.5" x 11" (letter-size) paper scaled at 100%. Do not select "Fit to Page" or any similar option.
- 2** With a ruler, check to see if the inch marks along the right side of the Guide are accurate. If so, you printed this correctly at 100% scale.
- 3** Measure each of your child's feet to the longest toe. Your child should be standing up, with no shoes on.
- 4** Order the size that fits the longest foot.

Tips

- If your toe is between numbers, move up to the next size.
- You may want to move up to the next size to allow room for growth.
- If your foot covers the blue borders, a wide-width style may be a better fit.
- Make sure to measure your child's feet every 6 months. Growing feet never take a break!

SIZE CONVERSION CHART
